Key strengths

- Small and lightweight.
- Robust connection with Titan**HD2 TX-a** within a range of 200 meters LOS.
- Visibility in a bright environment.
- Ability to record dailies in H264 on to SD card.

Reliable

The wireless incorporates video transmission with 0 delay, low loss and no latency

Ergonomic

Small, lightweight and fits easily in the palm of your hand or mounted on top of remote hand units.

Unique

The Only 5" OLED touch-screen, monitor-recorder with a built-in wireless receiver.

The Starlite**RF-a** is the first all-in-one 5" OLED touch-screen, monitor recorder with a built-in wireless receiver.

Free of cables, lightweight and with all the reliability, accuracy and fine engineering that Transvideo build into their products, it is the perfect choice for directors, assistant directors, focus pullers and DOPs. It can also directly remote Arri's camera Alexa or AlexaMini.
